WITH THE IGNITER RECYCLE PROGRAM THAT PAYS YOU BACK

Rather than get pennies for your scrap metal, why not really cash in? Introducing **CHUCK-IT**, a new rebate/recycle program specifically for scrap Champion-brand igniters.

No other igniter manufacturer has Champion's proven knowledge, innovation, and industry expertise working behind it. And now, with our updated **CHUCK-IT** program, there's even more reason to choose and recycle Champion-brand and competitive igniters.

- ▶ Get up to \$10 cash back per scrap igniter
- ▶ Reduce scrap waste and its associated costs
- ▶ Do your part to encourage green initiatives
- ▶ Use cash back savings however you choose:
 - ▶ Apply toward new igniter purchases
 - ▶ Support your favorite charity
 - ▶ Improve your bottom line
 - ▶ Support company or department event

Exclusively for Champion's Select Airline and MRO Customers

HOW DOES THE CHUCK-IT PROGRAM WORK?

Collect your scrap igniters in batches of 50 (minimum for shipment) or more. Then, send igniters to Champion on a quarterly basis (more frequently if quantities necessitate). Upon receipt, Champion will issue you a check or account credit for product, made payable to your MRO or airline. Remember, you get up to \$10 for every qualified Champion scrap igniter—rebate money you can use for your company, your chosen charity, or for future purchases!

WHICH IGNITERS QUALIFY?

Only specific igniters qualify for our new CHUCK-IT rebate/recycle program.

** Up to \$10/part cash or credit rebates are now being offered on the following parts:*

CHAMPION PARTS:			COMPETITIVE PARTS:
CH31815-1/-2	CH31967	CH34760-1/CH34760-2	9072215-1
